From: Lana Smidt, National Director, Prairie Region
Re: Current State of Negotiations, Section 107 and the Kaplan Report

Prairie Region Locals,

We will be holding a Zoom meeting for members to update everyone on the current state of negotiations with Canada Post and our legal challenge to the Section 107 return to work order under the Canada Labour Code.

In addition to understanding what's next, we are going to discuss the implications of the Kaplan report and take your questions. Your voice is crucial as we move forward. We urge all members to attend and stay engaged.

It is up to the Local to distribute this notice to their respective members, as we do not have the means to contact all Prairie Region members regionally.

Thank you for your continued solidarity and strength. We are united in our pursuit of a fair contract that respects our work and supports our well-being.

***Members of the National Executive Committee and National Negotiating Committees will be presenting. ***
